

Hedgehogs Homework Autumn Term 2

During this term, you must select and complete 3 projects from the grid. You should aim to spend between 1 and 2 hours on each project. You will be asked to bring your work into school every two weeks for marking, or to share with the class.

Make a multiplication grid up to 12 x 12.	Write a fact file about a country in a part of the world other than Europe.	Make a fraction wall, showing equivalent fractions up to 1/12.
Make a display showing the different times in other countries. You could show clock faces or time zones.	In a small box, make a model of an animal in its natural habitat.	Make a mask using an artistic style from another country (Africa, South America, Australia, etc.)
Make a cartoon retelling a traditional tale from another country.	Create a key to classify living things.	Write a story based on a traditional tale (Goldilocks and the Three Bears, Little Red Riding Hood, etc.)
