

Sports Premium Statement- 2015/16

Impact of Sports Premium 2014/15

Observations have shown improvement in the quality of lessons. After observing the sports leader (MSP) teachers and teaching assistants were observed teaching parts and whole lessons from the MSP leader's planning and then their own planning. The MSP leader contacted the school each week via email to send planning and discuss ideas.

Competitions: Results from competitions demonstrate that pupils with a particular talent have been able to achieve at a high level. As a small school, pupils wanting to take part have normally had the opportunity. (Two teams – almost all the Y5 and Y6 pupils -took part in the organised tag-rugby competition)

Hands up surveys show increased participation in out of school sports, including football (boys and girls clubs), swimming, horse-riding, cricket and cross-country running.

Older pupils (Y5 and Y6) have been trained as "Playground leaders" and successfully ran lunch-time activities for younger pupils.

Use of Sports Premium Funding 2015/16

The school has received £8400 Sports Premium Funding for the year 2015/16.

The purpose of the funding is to improve provision for, engagement and participation in sporting activity in order to encourage a healthy lifestyle.

The school has allocated the funding for this year in the following ways:

Provision and Staff Training:

To engage the services of MSP for:

Weekly delivery of high quality sports lessons to all pupils on Tuesday mornings (Autumn Term first part, Spring Term second part).

INSET Staff Training with Stuart Allison (Senior Education Advisor, Allison Consultancy)- Active, high quality lessons, measuring attainment and progression (4/5/16)

Purchase of materials to support the teaching of active, high quality lessons

Engagement and Participation

After school sports club (Tuesday- Autumn Term first part, Spring Term second part, Summer Term) available to pupils Y1-Y6 outdoors)
